### EXCITING NEWS: WE ARE TESTING THE ONLINE INTERVENTION

In February 2022, LEAVES concluded the development of the final prototype of the online self-help intervention.

The trials to test the efficacy of the intervention are now ongoing in the three implementation countries, the Netherlands, Portugal, and Switzerland.

Complementary to the test of the efficacy, In the Netherlands, the trial focuses on the technology acceptance, in Switzerland it focuses on the clinical assessment, and in Portugal it focuses on the intervention's cost-effectiveness.

### AGEING WELL WEEK 2022 IN GDANSK

Gdansk, Poland

18-20 October

The AAL Programme will take place from 18-20 October 2022 in Gdansk, Poland.

The European Week of Active & Healthy Ageing brings together collaboration partners from around Europe, who have a stake in promoting & supporting healthy ageing to innovate new service models, such as in health & care, lifelong learning and employment.

We will be present in Gdansk to showcase the progress of the LEAVES project and to exchange ideas to reach even further.

Piqued your interest? We will keep you updated about LEAVES @Ageing Well Week 2022 in our upcoming newsletters!
